

Postcards From Lost In Blue

Postcards from lost in blue
Riding a train
New England rain
Nothing the same but September
Somewhere lost in blue

Postcards in shades of you
Memories unfold
Red, yellow gold
A heart growing cold still remembers
Lost in shades of you
Somewhere lost in blue

Pictures in shadows grey
Promises made
Images fade
Gone I'm afraid, forever
Somewhere lost in blue

This journey I'm taking is not what it seems
Like picture postcards in old magazines
Lost in a landscape
Searching, dreaming these dreams

Postcards from lost in blue
What will I find
Falling through time
Drifting like snows in December
Lost in shades of you
Somewhere lost in blue
